Boy Killed by a Plow.

Scrapps-McRae League.

Norman, March 24.—Mike Yeargin, the 16-year-old son of Robert Yeargin a stockman and farmer of Cleveland county, was killed yesterday afternoon two miles south of Noble. He had been plowing and his body was found impaled upon the shear of the plow.

It is thought the boy was fixing the plow and was in front of it when the horses became frightened and ran away. When the body was found the lines were still in the hands of the dead boy.

Chinese Protest Against Cremation.

Scrapps-McRae League.

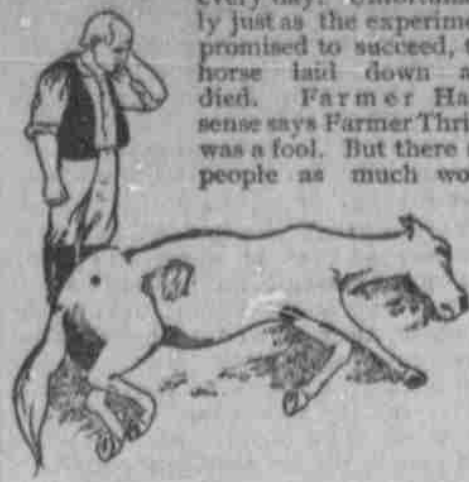

San Francisco, March 24.—The Chinese threaten to enjoin the board of health against the execution of the order to cremate the bodies of Chinese men who have died or are supposed to have died from the plague.

In addition to the regular normal diploma and preparatory courses there will be offered, under the regular faculty, a special course of twelve weeks for teachers. This course will include all the subjects required for the various certificates, and in addition, psychology, method in education, vocal music and drawing. There are no fees and board may be obtained or rooms rented at most reasonable rates. The special course has been arranged for those teachers who have been at work in winter schools and who desire advancement.

Notice to Contractors.

Sealed bids upon the store and office building of Mrs. George Billingsley will be received until 4 o'clock Saturday, March 24, 1900, at the office of J. H. Bennett, architect, Room 12, in Dewey building. The owner reserves the right to accept or reject all bids.

Farmer Thrifty got the idea that if he could keep a horse without the cost of feeding, it would be a great economy, so he reduced the horse's food a little every day. Unfortunately just as the experiment promised to succeed, the horse laid down and died. Farmer Thrifty was a fool. But there are people as much worse

than old Thrifty as it is more foolish to work your own body under starvation conditions, than your horse's. But every farmer has plenty to eat. Yes, but it isn't what is eaten, it is what nourishment is obtained from food that decides the question of starvation. It wouldn't do the farmer any good to run a stack of wheat through a thrashing machine which was so out of gear that it didn't get the grain out of one head of wheat in fifty. That's just the way with the disordered stomach. It doesn't get the good out of the food that is eaten.

There is no medicine will so quickly act on the organs of digestion and nutrition, and put the stomach in perfect working order, as Dr. Pierce's Golden Medical Discovery. It makes pure blood, and rich blood, and puts the body on a plane of perfect health.

"I suffered for six years with constipation and indigestion, during which time I employed physicians, but they could not reach my case," writes Mr. G. P. Poplewell, of Eureka Springs, Carroll Co., Arkansas. "I felt there was no help for me. Two years ago I commenced taking Dr. Pierce's Golden Medical Discovery and little 'Pellets,' and improved from the start. I am now in good health."

Dr. Pierce's Pleasant Pellets keep the bowels healthy.

Dr. Pierce's Remedies are for sale at the Eagle Drug Store.

THE NEW YORK WORLD

THREE-A-WEEK EDITION.

The striking and important events of the last year have established the overwhelming value of THE THREE-A-WEEK WORLD to every reader. With our interests still extending throughout the world, with our troops operating in the Philippines and the great Presidential campaign, too, at hand, its value is further increased.

The motto of THE THREE-A-WEEK WORLD is improvement. It strives each year to be better than it was the year before, and public confidence in it is shown by the fact that it now circulates more than twice as many papers every week as any other newspaper not a daily, published in America.

We offer this unequalled newspaper and THE WEEKLY LEADER together one year for \$1.15.
